EXPERIENCE

Data Analysis Intern	Mar 2023–Jun 2023
-----------------------------	-------------------

Central Bank of Indonesia – Central Jakarta, Jakarta (On-site)

- Applied data visualization techniques to communicate findings to mentors.
- Conducted research on the sentiments of Indonesian citizens about major banking issues that were currently happening, using social media data and online forums.
- Developed Python program to scrape Twitter by search query and filters, enabling efficient collection of social media data for analysis.
- Engaged with clients (consumers, conventional bank staff) at FEKDI 2023 to discuss consumer protection issues, identify key areas for improvement, and provide support and recommendations.
- Awarded as Top 10 Intern (out of 146 \approx 6.85%) of KMBI VI—KMBI VI refers to the name of this internship program.

Full-stack Web Development Intern	Sep 2022–Dec 2022
--	-------------------

PT Berau Coal – Berau, East Kalimantan (On-site)

- Developed a full-stack, typesafe app utilizing Next.js App Router, React, TypeScript, tRPC, Drizzle ORM, Planetscale DB to provide reporting system for my department.
- Implemented authentication and role-based authorization using Next-Auth.js (Credentials-based).
- Built a scalable and performant API using Next.js server components and tRPC.
- Implemented a robust data access layer with Drizzle ORM and Planetscale DB.
- Designed and developed a user-friendly reporting interface with React, Tailwind and ShadcnUI.
- Delivered the project on time and within budget.

VOLUNTEERING

Curriculum Researcher – Hacker (Core Team)	Sep 2021–Aug 2022
---	-------------------

Google DSC Universitas Riau – Pekanbaru, Riau (Hybrid)

- Taught 20+ fellow college students about ML concepts such as NN layers, hyperparameters tuning, and data retrieval process.
- Designed a syllabus centered around Python with Google Colab for image classification, receiving high satisfaction from fellow college students.

Logistics and IT Manager	Mar 2021–Sep 2021
---------------------------------	-------------------

Ideathon IYSRE – Pekanbaru, Riau (Remote)

- Oversaw 4 other team members.
- Designed the Ideathon website mockup in under 24 hours, which was then used by the Central Operations Team. The website received 200+ unique views in the first month.

PROJECTS

Twitter Scraping	Apr 2023
ERD Reporting App @ PT Berau Coal	Sep 2022–Dec 2022
TikTok Clone	Jan 2022–Dec 2022
Disaster Risk Reduction using Image Classification	Feb 2021
